Since the foundation on November 3rd, 1996, China Council for the Promotion of International Trade Shanghai Sub-Council (hereinafter referred to as CCITF Shanghai), has been on the glorious and glorious way of promoting economic and trade exchanges between China and the outside world. Despite challenges and difficulties, CCITF Shanghai has overcome obstacles and difficulties during the past six decades. With progress and development of global economy, the cause of trade promotion in Shanghai is full of vigor and vitality.

During the early days of the foundation of the People’s Republic of China, trade between China and the West was carried out mostly by non-governmental delegations. To assist the organization of such activities and develop both civil and government trade with other countries and regions, China Council for the Promotion of International Trade (CCITF) was established in Beijing in May 1952. Since Shanghai is a major hub for the trade with eastern countries, meet ever-growing needs of civil trade, CCITF Shanghai, the first sub-council of CCITF, governed both by Shanghai Municipal People’s Government and CCITF headquarters, was established in November 1954. A committee system was initially adopted by CCITF Shanghai for four sessions from 1954 to 1994. The Chairman of the 1st and 2nd Session was Vice Mayor Shen Zhifei, the Chairman of the 3rd Session was Lin Zhaoguo, former Vice Chairman of Chinese People’s Political Consultative Conference (CPPCC), and the Chairman of the 4th Session was Vice Mayor Shi Xiaoyu. Hong Yong, former Vice President of FIC, was the Vice Chairman of the Committee of the 1st Session of CCITF Shanghai, and Dong Yunchuan, former Vice Chairman of CPPCC, was also among the leadership of CCITF Shanghai.

During the early period, with two organizations working together under separate names, activities of CCITF Shanghai was organized by Shanghai Foreign Trade Bureau. At that time, the sub-council’s main role was to monitor non-governmental trade delegations and overseas exhibitions, as well to ensure sufficient supply for export goods. The main administrative office was set up within the Foreign Affairs Department (the Commission Department of Shanghai Foreign Trade Bureau).

During the period of Cultural Revolution (1966-1976), trade promotion activities in Shanghai almost came to a complete halt. Since 1979 (the determination of the Gang of Four), CCITF Shanghai gradually resumed its work, and the 6th Session of the Committee was convened in March 1977 by the Shanghai Foreign Trade Bureau.

Since China’s opening-up in 1978, CCITF Shanghai has made continuous development and has undertaken more and more tasks assigned by CCITF (both Municipal People’s Government and business community expected the organization to play a more important role in promoting export-oriented economy). In July 1984, with the approval from CPC Central Committee Shanghai Municipal Committee and Shanghai Municipal People’s Government, CCITF Shanghai was designated as an independent bureau-level institution in July 1984. Since then it has adopted corporate management with its own account, operating with its own income and expenditure and in responsible for its own profit and loss. Since then, CCITF Shanghai has become a non-governmental foreign economic and trade organization in Shanghai’s economic and trade circles. CCITF Shanghai set up positions of Chairman, Vice Chairmen and Secretary General, and established CPC CCITF Shanghai Party Group.

CCITF Shanghai has adopted a member system since 1994, it is also known as China Chamber of International Commerce Shanghai Chamber of Commerce in June 1987. Members of CCITF Shanghai include prominent businessmen and scholars from fields of international economy and trade, as well as enterprises, organizations, associations and academic groups. On March 10, 1991, the First General Assembly of CCITF Shanghai was convened, with Wu Shuyun, Deputy Secretary of CPC Shanghai Municipal Committee serving as Honorary Chairman. In August 1996, Huang Ju, member of the Politburo of CPC and Secretary of CPC Shanghai Municipal Committee served as Honorary Chairman. With the goal of promoting trade, investment and economic and technological cooperation between Shanghai and the other cities and regions around the world, CCITF Shanghai has made great contributions to Shanghai’s reform and opening-up, development of export-oriented economy and economic ties and international commerce. To meet the need for operation, eight departments and one office have been set up, i.e. International Department; International Exhibition Department; Legal Affairs Department; CCITF Shanghai Motivation Center; Legal Certification Department; Research and International Department; Organization and Personnel Department; Accounting Department; (Internal Management Department), Party-Building Work Departmental and Administrative Office. CCITF Shanghai also includes Shanghai International Economic and Trade Arbitration Commission (Shanghai) International Arbitration Council, Chamber of International Commerce Shanghai (World Trade Center Association Shanghai) and Shanghai Trade Promoting Corporation.

For six decades, all operations of CCITF Shanghai have developed rapidly and steadily, constantly consolidating three major segments—international fairs, international exhibitions and legal service—on one platform—Chamber of International Commerce Shanghai. CCITF Shanghai invited and received high-level business delegations that included heads of states and governments and also sent economic and trade delegations and business people abroad to communicate with and cooperate with relevant international and regional organizations, resource chambers, associations and trade promotion centers. CCITF Shanghai sponsored and organized a series of large-scale international activities including APEC CEO Summit in 2001, 50th Congress of International Chamber of Commerce (ICC), 5th General Assembly of World Trade Center Associations (WTCA), the National Key of China Possibles and the Shanghai Week of Italian States 2015, Shanghai-Korean Economic Forum, etc., all of which have had great influence on international business community.

For the past six decades, as Shanghai’s first exhibition organizer, CCITF Shanghai has organized about 500 large-scale domestic and international exhibitions in China with total exhibition area of over 1.1 million square meters. It holds a number of well-known branded exhibitions featuring scale, legality, internationality and
professionalism, such as Auto Shanghai, De’er & Meisho China, IntelliAsia, China Wooding Expo, Booth China, China Art, KeiMeiWest China and CIES Asia, etc. While continuously improving the scale and quality of the branded exhibitions, CCFP Shanghai is taking an active role in developing international exhibitions organized by itself, inbound exhibitions and overseas brands of China showcases hosted by the Ministry of Commerce of PRC and Shanghai Municipal People’s Government.

With the approval from Shanghai Municipal People’s Government, Shanghai International Economic and Trade Arbitration Commission (also known as “Shanghai International Arbitration Center,” formerly known as “China International Economic and Trade Arbitration Committees Shanghai Commission”) was established in 1983. Rounding commercial disputes with independence, justice, professionalism and efficiency arbitration, Shanghai International Arbitration Center is witnessing a steady increase in the number of cases year by year. Case parties are throughout China and cover over 70 countries and regions in the world. Its arbitration awards are recognized in over 40 countries and regions. Authorized by the Central Government, CCFP Shanghai has been issuing certificates of origin, and seizing for local enterprises to qualify for exportation reducing authentication of commercial documents since its establishment. Throughout the years, the number of registered clients has reached 10,300. CCFP Shanghai has issued over 2.3 million copies of certificates of origin, authorized nearly 350,000 copies of commercial documents. CCFP Shanghai has also applied the over 160,000 copies of ordinary commodity authentication of commercial documents, and its services covered in Jiangsu, Zhejiang, Anhui and Fujian provinces.

Chairman of International Commerce Shanghai (CCFP Shanghai) was reappointed in Shanghai CFC Affiliates Branch in March 2018. Serving at the window and bridge between Shanghai and the rest of the world, CCFP Shanghai is one of the largest foreign economic and trade organizations in Shanghai. It has established contacts with about 300 economic and trade organizations in over 100 countries and regions throughout the Five Continents, as well as with prominent international companies, associations and leading enterprises. Besides that, it has forged close-chamber friendship with 330 overseas chambers and more than 3,500 members and 13 branches in 13 jurisdictions in Shanghai. CCFP Shanghai has extended its service to up to 130,000 enterprises.

With a long history, profound culture and unique location, CCFP Shanghai will always serve China’s diplomatic and foreign trade enterprises as well as Shanghai’s social and economic development by leveraging its functions and position and play a more active role in communication for cooperation in the fields of international commerce, trade and investment, thus to push forward CCFP Shanghai’s cause to a higher level.

To promote economic and trade cooperation between enterprises in Shanghai and those in the rest of the world, CCPIF Shanghai focuses on attracting or organizing various economic and trade exhibitions, making arrangements for overseas exhibitions to organize economic, trade or technological exhibitions in Shanghai, and organizing specialized or general international exhibitions.

CCPIF Shanghai is the first professional organization in Shanghai authorized to organize domestic and overseas economic and trade exhibitions. In 1994, we organized a delegation to participate in Trade Fair in Japan. In 1995, we participated in USA & Europe Consortiums’ Products Exhibition. In 1996, we successfully held Shanghai Industry Exhibition. All of the above helped expand balanced trade and played an active role in improving bilateral relations.

In 1998, CCPIF Shanghai set up a separate department for overseas exhibitions (now named International Exhibitions Dept.) to plan, organize, participate in and host all kinds of international exhibitions and trade exhibitions as well as activities of specialized exhibitions. In 2000, Shanghai Trade Promotions Exhibition Co., Ltd. was established to organize international exhibitions in China. In 2010, Shanghai International Exhibition (Shanghai) Co., Ltd. was co-invested by CCPIF Shanghai and China International Exhibition Centre Group Corporation affiliated to CCPIF headquarters. Its main business includes having and undertaking various types of indoor and outdoor economic and trade exhibitions and conferences, providing exhibition operation management and all kinds of exhibition services as well as professional business support services. International Exhibitions Department focuses on overseas exhibitions projects in high value-added, strategic emerging industries, and also organizes exhibitions co-hosted by the Ministry of Commerce and Shanghai Municipal People’s Government receiving key international markets.

Shanghai International Exhibition Co., Ltd. (SHICE), a subsidiary of CCPIF Shanghai, is the first and largest international trade fair organization in Shanghai. As one of the leading show organizers in Shanghai, SHICE has organized nearly 800 exhibitions, and 25 international conferences covering 150 industries with a total exhibition area of 30 square meters, and with 160,000 exhibitors and 2.5 million visitors. SHICE has achieved leadership development for the past thirty years by contributing to China’s trend of opening-up and reform and its spectacular economic growth. To a certain extent, SHICE has witnessed the initiative, development and maturity of China’s exhibition industry.

SHICE owns a number of world famous, scale and professional exhibitions, Die & Mold China, Auto Shanghai, China Interzum have been named "UFI approved events". Auto Shanghai is the key auto show in the world Die & Mold China is the world’s biggest show in that industry. And China Interzum is the world’s largest show in the furniture industry. China Wedding Expo is the biggest in the world in terms of size. In addition, SHICE organizes a host of well-known professional exhibitions and international conferences, e.g., Auto Part & Service China, Photo & Imaging Shanghai, China Baby Expo, Shanghai Erotic Painting, Mobile & Mobile China, Internet Asia, and Green Auto Show. Besides, SHICE office "itinerants" business activities including freight forwarding, exhibition planning and design, booth construction, advertising, trade fairs and exhibition services.

Built up in 1995, INTERX Shanghai Co., Ltd., which has been invested by CCPIF Shanghai, is the first jointly-owned rear view mirror management company that received the first front view management and experience in China. It also holds the first international exhibition center certified with ISO9001 quality system in China. There are approximately 16 exhibitions held in the INTERX nearly each year, while INTERX successfully organizes by itself several famous in indoor and outdoor exhibitions.

By virtue of international organization, an extensive network and capability for service, CCPIF Shanghai actively organizes exhibitions in Shanghai and actively areas to attend overseas exhibitions. Since 1994, it has organized more than overseas exhibitions.

In recent years, CCPIF Shanghai continued to help domestic enterprises to explore international markets by organizing domestic enterprises to participate in about 700 economic and trade exhibitions and expose around the world. It has formed a unique style of organizing scale, specialized and branded exhibitions.

COMMERCIAL ARBITRATION

Shanghai International Economic and Trade Arbitration Commission (also known as Shanghai International Commercial Arbitration Commission), initially referred to as "SHICAC", was formally established and legally registered under the laws, and has been acting as an independent arbitral tribunal, offering impartial, professional and effective arbitration services for commercial disputes.

The past five decades have witnessed the rapid development of the number of cases handled by SHICAC. Apart from the traditional commercial disputes, newly emerged disputes relating to private equity, internet finance, financial leasing, aviation service, culture and sports, energy and environmental disputes have been submitted to SHICAC. Partly from more than 100 countries and regions have participated in arbitration cases handled by SHICAC.

SHICAC also set up its first dispute resolution platform for disputes arising from China and Africa countries, providing the business environment of China and Africa with convenient dispute resolution service. For the convenience of international parties, SHICAC also set up its regional dispute resolution service centers to provide tailor-made dispute resolution services, for international parties from all over the world.

SHICAC is dedicated to giving full play to the important role of international arbitration among different countries and regions, serving the needs of the whole world.

Arbitration Rules are in line with international practice. In August, 2014, the SHICAC established the first aviation arbitration platform in the world-Shanghai International Aviation Court of Arbitration, providing an important platform for settling cross-border disputes among the IBCS countries. Since November, 2015, SHICAC set up its second dispute resolution platform for disputes arising from China and African countries. The Court of Arbitration of the Airline, providing the business environment of China and Africa with convenient dispute resolution service. For the convenience of international parties, SHICAC also set up its regional dispute resolution service centers to provide tailor-made dispute resolution services, for international parties from all over the world.

COMMERCIAL CONCILIATION, LEGAL CONSULTANCY

The Press conference of Decking Litigation and Mediation System was held by Shanghai Negocio People's Court and CCPE Shanghai Mediation Center in January 2009. This system was officially launched on January 4th, 2009.

The Legal Affairs Department and Shanghai Municipal Commission of Commerce jointly set up the International Trade Dispute Resolution Platform for Small and Medium-sized Enterprises, which provides advice services for the enterprises in the fields of anti-dumping, anti-subsidy and anti-trust investigation.

In 2009, the General Association of the Shanghai Foreign Economic Relations and Trade Union (SFERTU) held the First Opening Ceremony of the Shanghai Chamber of Commerce (SCC) in Shanghai.
Legal certification is a conditional service of CCITF Shanghai. Authorized by the Shanghai City Government, CCITF Shanghai provides services to enterprises, social groups and individuals for their foreign economic activities, such as issuing Certificate of Origin for the Foreign Trade Goods of the People’s Republic of China, commercial certificates and ATA carnet authorization, writing commercial documents, and issuing certificates for enterprises to apply for endorsement/validation of commercial documents, etc.

CCITF Shanghai operates in the certification service area as early as 1994. With the progress of opening and the development of international commerce and trade, CCITF Shanghai operated a series of certification service offices in the Legal Affairs Department in 1994. On June 14, 1994, Certification & Legal Department was set up and seven authorization service offices have been set up successively. In CCITF Shanghai, the branches of Miniting, Baoshan, Jiading, Pudong, Nanhui (now incorporated into Pudong New Area) and Jiaozi (now incorporated into Jinhui Economic and Technological Development Zone) were set up. These branches are authorized by the main CCITF Shanghai with two-level service networks.

Since issuing Certificates of Origin, CCITF Shanghai has been in a business and online consultation service. Beginning from 1997, applying for ATA carnet is not only for enterprises, social groups and individuals who have exported the foreign economy activities, but also for enterprises, social groups and individuals who have exported the foreign economy activities, such as issuing Certificate of Origin for the Foreign Trade Goods of the People’s Republic of China, commercial certificates and ATA carnet authorization, writing commercial documents, and as well as for enterprises of neighboring areas since 1999, beginning from 2002, issuing ATA carnet (commonly known as “Motor trade carnet” “ATA carnet”, “ATA carnet”, etc.) since 2005, in addition to using this currency, Chinese, the carnet will be used, beginning from 2003, issuing Preferential Certificate of Origin under the region’s five trade agreements (FTA), including Asia-Pacific FTA, China-Asean FTA, China-Japan FTA, China-New Zealand FTA, China-Peru FTA, Mainland China-Taiwan Cross-strait Economic Cooperation Framework Agreement, China-Costa Rica FTA, China-Netherlands FTA, China-Argentina FTA, China-Korea FTA and China-Australia FTA. More and more preferential certificate of origin under the five FTAs will be issued by CCITF Shanghai in future.

Up to now, there are about 100,000 enterprises, social groups and individuals with the foreign trade activities that have registered the legal certification affairs. Our service has promoted foreign trade and economic development and cooperation for Shanghai and surrounding areas.
CHAMBER OF INTERNATIONAL COMMERCE SHANGHAI

In June 1941, CCIP SHANGHAI used the title of China Chamber of International Commerce (CCIC) Chamber of Commerce according to the regulations from the State Government. MESSAGE FROM THE CHAIRMAN

Sixty Years of Diplomacy, Sixty Years of Chinese Friendship and Cooperation, June 1949—October 2009

Chairman of CCFP Shanghai

Sixty years ago, China and the People's Republic of China were established. These years have witnessed the hard work of the Chinese people and the great changes in China's international relations. Today, China's comprehensive national strength has been considerably strengthened, and the country is a major power in the world. China's diplomatic policy is guided by the principles of peaceful coexistence, the mutual benefit of all parties involved, the gradual advancement of the rule of international justice, and the development of friendly and cooperative relations with other countries. These principles are reflected in China's diplomatic work, which is characterized by the following aspects:

1. Developing a network of international friendship and cooperation
2. Promoting the resolution of regional disputes through peaceful means
3. The promotion of global development and the establishment of a new international political and economic order
4. The promotion of human rights and the protection of the environment

In recent years, China has actively engaged in international affairs, making important contributions to the global governance system. China has been advocating the construction of a community with a shared future for mankind, and has tried to promote a peaceful, prosperous, open, and innovative world. China is committed to upholding the principles of the United Nations and advancing the development of the world economy.

To conclude, China's diplomacy has played a significant role in promoting the stability and prosperity of the world. The Chinese government will continue to work towards a better future for all nations, focusing on the principles of peace, development, cooperation, and mutual benefit.
